A whirlwind tour through the exciting landscape opening up around digital wire communication In The Brave New Unwired World, the CEO of one of today's hottest wire businesses explores the latest thinking and trends in the exciting world of digital wire communication and boldly predicts the future of this hot new field. He acquaints readers with the amazing technologies involved and the no amazing profit opportunities opening up around them. Drawing upon his unique access to top management at Nokia, Ericsson, Motorola, Verizon, IBM, Cisco, Psion, Microsoft, and other key players, he profiles those who are vying to be among the first to cash in on the wire revolution while holding their own against brilliant upstarts, government regulation, and the threat of extinction by competitors who appear from virtually nowhere, at any moment.
