My name is Catarina. Or, that's who I was christened to be, anyways. I live in a convent. I am a nun in training.

A postulant.

I am eighteen years old. I am a predator. No one is safe from me. I am protected. No one can get to me.

By day one way, by night another. They call on me. My name is Catarina. Codename: Night Fury. No one is safe from me. I will come for you.
