Being the hope of the future isn't all it's cracked up to be—especially since Amelia Blake has no idea how to save herself from the cancerous darkness swelling inside her, let alone an entire race. Unfortunately, hope is all she has left as she searches the recesses of her past to uncover the secrets of her origins and her power. As leader of the Oneiroi, Seth has one mission: to save his people whatever the cost, but he never anticipated loving Amelia as deeply as he does or just how much he needs her help. With evil growing ever closer, the two must discover a way to dispel the darkness before it spreads to the whole team. With so much at stake, trust is imperative, but trusting the wrong person will lead to fulfillment of a centuries old curse, not to mention the downfall of a nation.
