When artist Lauren Rader begins inviting women into her studio for classes in creativity, she has no idea what she is about to unleash. Drawn by a common yearning to express themselves through art, the women soon find that the path to creativity leads deep within—to hidden thoughts, buried memories, and dramatic life changes. Here, Rader relates their intensely personal journeys, along with insights from a lifetime of teaching and artistry, and from her daily walks along the river with her sweet dog Wiley.
