Part autobiographical, part confessional, *Why We Want to Kill You* helps readers in the West understand the Islamic mindset, what drives Islamic hatred and violence, and to become more aware of the dangers to which many Americans and Europeans have become overly complacent. *Why We Want to Kill You* evokes the profound regrets its author, former PLO terrorist Walid Shoebat, feels as he looks back over 33 years of violence, the deep passion (Shoebat calls it his driving force) that now heals his soul, the truths he learned regarding the Jews and Israel, and how we can all come to realize that there are those in our midst who, regard of race or color, may be our enemy as they sit and wait to bring us harm.
