Alexia Crandell is the first human chosen to be an enforcer for C.O.T.S, the Coalition of the Supernatural. Enforcers are the strongest, fastest, and deadliest of all supernaturals. Usually the second or third in command of each pack, cult, group, or coven, and tasked with eliminating rogues among the world. Within twenty-four hours of meeting her assigned partners, Alexia's world is turned upside down. She fights for her life and values, all the while, resisting a growing attraction to a man she is forbidden to love. Anger, personal demons, and temptation gnaw at her as she treads carefully among vampires, necromancers, barbarians, and more; all beings she once killed without hesitation. Join Alexia as she wrestles through a gauntlet of intrigue and unexpected choices, leading to a final conflict between her values and heart.
