What has happened to Tag Team Wrestling? With a genre that has a proven track record of providing five-star matches, and a history of launching some of the biggest names in the business; it seems as though it should be impossible to write a book about the LOST art of Tag Team Wrestling. Independent Pro Wrestler Todd Roberg examines the history, psychology and state of Tag Team Wrestling by placing emphasis on the last great decade of the division; the 1980's. With contributions by James J. Dillon, Les Thatcher, Bryan Alvarez and more.
