This is an alternate cover edition for ASIN B01MT2X65S Welcome to a pair of rousing adventures set on the edges of the star-flung human Commonwealth. 'Liquid Gambit' is a sci fi noir call out to 'Casablanca'. It's a tale of hope and sacrifice in Rick's Bar - a lost souls hang out on the last station in human space. In 'Cherry Pickers', seventeen-year-old Nikki is determined to prove she's a woman, even if she has to kidnap the only man on the planet to do it. It's a rollicking coming-of-age story - with spiders. Romantically challenged spiders.
