Have you ever looked up at the clouds and wondered what was behind them? Then this book was written for you. As you read this collection of stories, you will discover exactly who and what resides there. Behind and inside every cloud lies more than a silver lining. You will discover that the blue of the sky, as well as each cloud, is merely camouflage for a hidden and wonderful world. This world contains places and beings one could only dream into reality. This is indeed the case, as you will find out. The idea takes hold and never lets go. It grows and expands and is as never ending as your imagination. You will be instantly transported to this entertaining new world and come to understand it, as you meet Cloud and his colleagues, travel with Ebony and Cream on their adventures, and fly through the clouds with Theodor and Saturn. Sally Spider may one day stroll into Gunther Troll's realm or decide to take the train to Ballabooga Lady Rainbow will thrill you with her color expertise, and Lightning will fascinate you with her energy.

Anything can happen here-and probably will. Welcome to this new kingdom with all its characters. They may become ones you will remember always and come to treasure.
