Master the critical-thinking and test-taking skills you need to excel on the prioritization, delegation, and management questions on the NCLEX-RN(R).

Over 1,000 questions in the text and on DavisPlus focus only on prioritization, delegation, and management of care issues pertaining to individual and multiple clients with an emphasis on alternate-format-item questions. Three sections provide you with three great ways to study. In the first section, you'll find individual and multiple client care-focused scenario questions organized by disease process with rationales and test-taking hints. The second section features seven clinical case scenarios with open-ended, NCLEX-style questions. The third section is a comprehensive, 100-question exam.
