Tom Hannaford finds mysterious lettering on a barnacle-encrusted plank floating in the surf along a deserted North Carolina beach. With insatiable curiosity, and after some questionable research, Tom convinces his friend Chris to fly with him on a leisurely vacation to the Bahamas, where, coincidentally, Tom suspects his message from the sea originated. As they land and investigate remote Cat Island, and with the help of a lovable 13-year-old boy, they stumble upon a shocking discovery that sends them running for their lives, using all of their skills and cunning just to survive. This fast-paced intrigue, skillfully woven by experienced pilot, sailor, explorer, and retired Naval Commander Tom Hudgin, will captivate readers both young and old alike.
