Killany and Armony are two of the deadliest females you'll ever encounter. Pretty faces and cold cases. Guns tucked behind waistlines, knives tucked under their tongues. They've put their differences aside and teamed up to ride. Loving a savage huh, we make this shit look easy. They're a force to be reckoned with. KC and Yung forever on their savage shit. Mobbing until the death of them. KC recently found out that the only man he's ever known Ali Bumbiyae isn't his biological father. That's a tough pill to swallow. He's been reunited with his biological father by force and not choice. Yung is real ignorant and reck right now; anybody can get it. Killany has been arrested for murder. The streets are getting hectic since he reigns supreme over the Bumbiyae Cartel and Ali Bumbiyae is out of commission. Enemies appearing from every direction. Take the final expedition with crew as they mob through the trenches and endure murder, mayhem, massacres, matrimony.
