Married with a beautiful daughter and new life, Jacoury and Necie Slaughter made it. They survived every single attempt to destroy them and the love they share. Finally Happily Ever After is theirs to claim. Don't count on it. Hell hath no fury like a man jilted, obsessed, and armed with the ultimate bombshell! Brent Lockhart is tired of playing nice. He wants Necie back and failure is not an option. A plain brown manila envelope holds the key to resurrection and devastation. No one will escape unscathed in this purge.
