Gav Thorpe's tale 'The Dark Path', ties into the Sundering series and follows elven mage Prince Thyriol as he teaches his young students the arts of magic. But when rumours of sorcery emerge in Saphery, will Thyriol be able to keep his apprentices from following the dark path? Aaron Dembski-Bowden's 'Shadow Knight' gives a glimpse into a new Night Lords series coming in 2010, and shows us the journey of a normal child to become a deadly Chaos Space Marine.

When a group of Blood Angels come to reclaim a holy artefact, these two old enemies will be thrust into combat again...
