In these discourses on the Nirvana Upanishad, the enlightened mystic Osho explores the essential nature of spiritual longing, the moving force behind every seeker's quest for truth. Speaking at a meditation camp in Mount Abu, Rajasthan, in India, Osho elucidates the enduring wisdom of this ancient teaching: the true meaning of initiation, or sannyas; the qualities needed by the seeker that will allow him to flower to his full potential; the dangers and pitfalls along the Way; the harmonious dance between devotion, the path of love, and discipline, the path of meditation.

Through the medium of this Upanishad, Osho shares with us the very fragrance of self-realization , the vision of nirvana.
