"Regular exercise is supposed to be as necessary for the brain as for the body. Many of us are very apt to suffer from mental cobwebs, and there is nothing equal to the solving of puzzles for sweeping them away." - Henry Dudeney (1847-1930) First published in 1907, Dudeney's *The Canterbury Puzzles* is a classic of the genre, based on characters from Chaucer's *Tales*. The book contains 114 puzzles suitable for young enthusiasts, recreational mathematicians and veteran puzzlers alike. As challenging today as it was over a century ago, this ingenious book will provide hours-worth of puzzles to keep your brain alert.
