----- TIME IN THE SLEEPING SKY.... Ben Hawkins has yawned through time; now, turning back, he finds he can't remember. His daughter Nancy ticks in reverse, allowing the past to control the present. Her eight year old son pockets time like a shiny watch, hiding his genius, even as he creates his masterpiece. A bear named Gertrude, a Persian shopkeeper, an unsolved murder, a farm in Japan, and the starstruck landscape of L.A., weave through the trajectory of one family's journey through time and sky. From the award winning author of Hiroshima Dreams, Walking on Air, The Life History of a Star, and The Outlandish Adventures of Liberty Aimes comes an unforgettable story.
