He smiles. Winks. Eyes glistening an evilness known to no other. And then... I lose everything. It takes a heartbeat. A silent promise. A guarantee that it's all only just the beginning. Everyone has a story. Mine is not one I don't want to remember. Deceived by those closest to me, I was thrown deep into a world of violence, corruption and trafficking. The dark, sinister world belonging to one Hector Florez, Mexico's leading cartel boss. What he wants is control. What I crave is freedom. They say everyone has an angel watching over them, protecting. Me? I had my very own demon. This book is part of a series: Little Doll #1 Crimson Desert #2 Laughing Eyes #3 Sofia #4
