Spider-Man and Daredevil are friends. Spider-Man knows that Daredevil is the blind lawyer Matt Murdock, whose other senses were heightened as the result of a freak childhood accident. And Daredevil knows that Spider-Man is Peter Parker, who gained his amazing abilities from an irradiated spider bite. Both Spider-Man and Daredevil have their fair share of laughable foes: Stilt-Man, Gladiator, the Owl, Copperhead.

But no one is laughing anymore. Something has happened to these enemies -- something terrible and diabolical, transforming them into icons of darkness. Now Spider-Man and Daredevil find themselves caught at the crossroads of their vengeance, forced into the position of protecting the Kingpin of Crime from an enemy they never could have imagined. This book collects the Marvel Knights limited series brought to you by the talent of acclaimed writer Paul Jenkins, Paul Winslade and Tom Palmer.
