Ryan Hansen had been on top of the world for his entire adult life. He could have any girl he wanted at any time.

He was the member of one of the hottest rock bands of the last decade, but something was off.

He was about to turn 30 and had just been dumped for the first time in his entire life. When his bandmate and best friend sets him up on a blind date, will it change the way he sees the way he's treated women in the past when he finally can't have what he really wants?
