Married couples are an at-risk population. Thousands have been shipwrecked and did not survive. Of those that survived, not all are thriving by any means. Experts are now predicting a coming tsunami. The Marriage Ark is a definitive blueprint that can equip couples to build a vessel or examine their existing vessel that is capable of enduring high winds and lashing waves. Through the story of Noah, enduring principles are found that provide vital elements for an intimate and lasting marriage. The tools for building the marriage ark, the pitch that holds the planks together, building intimacy in stressful times and conditions, and learning to appreciate the differences in our maleness and femaleness are a few of the topics addressed.
