In what ways is development of deaf and hard-of-hearing babies and toddlers like that of those with typical hearing? What specific challenges are likely to be faced by child and parent - and when are they most likely to occur? What modifications in parenting and caregiver interaction can help or avoid these challenges? A strong, supportive foundation for optimal learning is achieved from early, positive, and responsive experiences. With *Nurturing Language and Learning*, Patricia Elizabeth Spencer and Lynne Sanford Koester provide the expert information and guidelines needed for professionals and parents in order to build that critical foundation.
