[Shards: A Young Vice Cop Investigates Her Darkest Case of Meth Addiction—Her Own.epub](#)

The shocking true story of Allison Moore, a cop in Hawaii who became addicted to meth, deceived her entire police department, and endured prison, prostitution, and torture—until finally seeking redemption. I had told myself when I did that line that I would only try it once.

.. But when I started to come down, I couldn't face being plunged into the icy cold water of my real life. I couldn't bear to have those feelings return. I did another line, bigger than the first. It made me feel calm, confident, excited about my future. Meth was the answer to all my problems. As a beautiful, ambitious, and fear young woman, Allison Moore had everything going for her: She had been the star student of her recruit class and was quickly promoted to vice cop at the Maui Police Department, while earning the respect of her colleagues and a stellar reputation.

But when a doomed love affair with another cop led Allison to seek a desperate escape, her life took a sudden

and violent plunge. Using her position of authority and skills of manipulation, Allison hid her addiction from her lover and her department for as long as possible. She fabricated an elaborate story that she had ovarian cancer and needed to seek treatment on the mainland, while actually traveling to get a steady supply of meth from a brutal Seattle drug dealer. When her intensifying dependence on meth put her at the mercy of the ruthless dealer, he made her a prisoner in his house, subjecting her to unthinkable physical and sexual abuse, and monitoring her every move through a web of hidden cameras.

Astounding, gripping, and told firsthand in a deeply sympathetic voice, *Shards* spares no detail of Allison's horrific experiences and the tangle of addiction and betrayal that cost her the career she loved, the colleagues who adored her, and the island that was once her paradise.
