She came to the Parisian Fair for adventure...what she found far exceeded her every expectation. Victoria Scott defied her absentee father and went to the Parisian World's Fair alone. Daring and adventurous, she believed herself able to conquer any obstacle, after all she was a woman of the world. And then she made a rather foolish wager that she could find a lover--or two. Uncertain why she made that wager, and unsure how to go about it, Victoria finds herself attracted to two handsome men. Edmund Garrison is in Paris with his employer, Warren, Lord Sherborn, to see the engineering pavilions at the world's fair. When beautiful Victoria stumbles across their path, he's attracted and intrigued.

When she agrees to accompany them back to Warren's townhouse, he's shocked--and aroused.

He hadn't expected his time in Paris to be quite so enlightening, but the education he receives is what he's always wanted. Warren Blackthrope, Lord Sherborn, has had many lovers, but it's his young protege, Edmund, who attracts him the most. He wants Edmund to learn all the pleasures of being a submissive and plans to enjoy every moment of those ons. It's Victoria, however, who shakes Warren from his path. She's feisty, willing, and eager for each part of their menage. But is it enough to steer the foreboding Earl from his once-chosen path? Sex and adventure abound, and Victoria is caught up in the bliss she, Edmund, and Warren

create. She wants more, craves it, but is terrified of the consequences. Scandal is around every corner; when she meets one head on will she flee? Or will she realize the power of her menage is stronger than merely sex? This 56,000 word story is an MMF menage where all characters are romantically and sexually involved in a relationship.
