I remember the exact moment my life changed forever, how many people can say that? I can pinpoint that specific moment and describe it as enursha, the precise moment of impact as our car hit the tree. My name is Asha Jeffery, I'm not who you think I am. I'm not a good man. I'm dishonest and self-righteous. I lie, a lot - for my own protection and I fight; not for my protection but for yours. Well, that's how I choose to justify the bruises and beatings and I'll more than likely only tell you what I think you want to hear. For my whole life, I believed in one thing and reality was something completely different. All of it is turned upside down when I meet sweet and beautiful Lily Greenwood. My lies are about to catch up with me, but first I am desperate for answers and I must breach the enemy lines.
