When Patrick's father went off to war in 1944, he told his eighteen-year-old son, you're the "man of the house" now. Patrick's stepmother has struggled to keep them afloat, and he does what he can to help. He knows she's tired, sad and very lonely, but when circumstance brings a young woman into their lives for a brief time, it alters everything between he and his stepmother forever. Will Patrick become the real "man of the house" before his father returns from the war?
