The hellscape of postnuclear America has a bloodlust for the good, the innocent and the help. Survival in Deathlands demands a will to endure that is as raw and savage as this brutal frontier.

For Deathlands is the future's last and only hope for both its inheritors and strange invaders to whom this perdition promises a paradise. Ryan Cawdor is a true warrior of Deathlands, fighting for survival in a bizarre, freakish world. But now, beyond the unseen perils, a new threat emerges: invaders arrive from a parallel earth where the nukecaust never happened. Ryan is abducted through a time corridor to the twin earth, where he discovers a nightmare that makes Deathlands look tame by comparison and a new plot for its grotesque destruction... In the Deathlands the future is uncertain, but it's all that remains.
