Some intriguing ideas about two of life's most significant mysteries. "Big Questions, Little Sleep" is a poetry collection exploring questions surrounding time and death. Written during bouts of nightly insomnia, these poems are written with a gentle tug at the heartstrings. Some are personal in nature, but have a strong universal appeal. Written with beauty and soul, each poem asks more than it answers. Each invites you to join the ranks of those who harbor sleep nights as they contemplate the ever deeper layers of each poem.
