Introduce your child to a brand-new friend—Tickle Teddy! This adorable teddy bear comes alive in the form of a puppet you can control. You can make him wiggle, clap, and dance, and even offer his furry paw for kids to shake! Each time you read to them, they'll feel like they're a part of Tickle Teddy's story.

Tickle Teddy will become a favorite friend they'll want to see again and again—and his story will be one they'll love to read again and again.
