Right now elements of the Unelected Shadow Government are actively attempting to overthrow President Donald J. Trump. This book explores the covert background of the Deep State and the history of who is behind these clandestine operations against the President. It also reveals who funds them and explains what you can do about coming world events to protect yourself. I explore the myriad of secret societies and name the perpetrators as well. This book covers the high-stakes collaboration of fifth columnists, orchestrated by controlled media and globalists such as billionaire George Soros. When all else fails, the deluded New World Order group will attempt to create a global economic crisis. Don't be concerned – this book covers every angle and how you can protect yourself. George Soros is an international billionaire many times over.

He doesn't hesitate to use his money to gain influence, and in turn uses that influence to make radical changes in the fabric of American society. In the opinion of many he is subverting the American political system and forcing his dangerous interests into American legislatures. Trump knows everything, and he is in process of taking the New World Order people down.

Of course they are highly traumatized. The mainstream media is using distractions to move the public away

from the truth. The real hidden hand of the small group of families who run the monetary system of the world includes, among other players, the Committee of 300. This encompasses the Rothschilds, the Rockefellers and the Council on Foreign Relations. These are some of the main groups who are pulling all of the strings. How they operate and the platforms from which they emanate are all covered in this book. A background history of the Illuminati, the Freemasons, and the Shadow Government are all covered.

In fact, the JFK conspiracy has elements not unlike the current status of the New World Order, including the use of a variety of legends, covers, psychological operations and disinformation. The comparisons are striking and can educate us. It's a on text in critical thinking so I review JFK and in fact my stepfather's part in it, as he took the autopsy photos at Bethesda Naval Hospital. The globalists have a strategy of bringing in millions of illegal immigrants, putting them on welfare and afterwards moving us to permanent war status to bankrupt the country. These people are known as the New World Order. These politicians are of course bought and paid for, and I identify many of them by name and the rest by affiliation. Just know that if they belong to any of these listed organizations in the book, then by deductive logic you know exactly who they are.

I cover how intelligence agencies, their rogue elements and contractors work. I cover the goals of the New World Order which President Donald J. Trump is defeating soundly. I explore the Royal Institute of International Affairs and their attempts to control Presidents. You really have to understand the Committee of 300, the governing body of the New World Order, to understand why and how the cover up takes place, and I cover their makeup and operations. Very importantly, this book leads you through the maze and the matrix to the End Game. This book guides the reader into a detail insider look at where New World Order policies are purposely and secretly leading America.

It is a revelation every American needs to know. Their hidden agenda, which I know Donald Trump is very aware of, is revealed for the first time here. I begin the book discussing how the NSA in joint operation with the FBI were both monitoring the phone calls and texts made by the Russian ambassador to the United States. This data is called raw-acquired information, and the distribution should have been restricted to no more than three dozen or so analysts.
