Contrary to what the so-called history books tell you, Hermann Goering, Hitler's Deputy, Head of the Luftwaffe and second most powerful man in Nazi Germany, did not leave this world courtesy of a cyanide tablet secreted in the heel of his jackboot minutes before his appointment with the hangman. The truth is far more bizarre. *THE UNSINKABLE HERR GOERING* is a monumental debut novel by Ian Cassidy. It follows Goering, a man blindsided by hubris, on his attempted escape - from both Germany as well as from the Allies - and the inept men of mettle who put a stop to it. It is a hilariously depraved story of villainous villains, slightly villainous heroes, bad behavior (and even worse beer), and uncomfortable underwear. Not since *A Confederacy of Dunces* has a book brought to life such audaciously flawed characters. It gets so much wrong, yet so much right.
