A fresh, exciting look at the Bible's Book of Revelation. Using sacred geometry and the ancient science of Gematria (the Bible's Number Code), the author's latest research reveals an amazing story hidden in the Apocalypse: rather than a prophecy of doom, it is positive, comforting assurance that the world is in the safe hands of a God who has a magnificent plan for the ultimate joy of His human family. Chapters include: * The Right of Rulership * The Sevens and Tens of the Apocalypse * The Treasures of Jericho * The Seventh Trumpet * The Light of Seven Moons * The Music of the Ages * The Pythagorean Comma
