A young lady begins reflecting on her life as she approaches the big 30. Written in a diary format, she explores various facets of her life and the decisions that led to her current circumstances. As a woman with a PH.D, her expectations for what life would be like as an adult are not adding up, so she's determined to figure out how to achieve everything that she desires. Readers will find this read to be warm and reflective, something woman of all ages can relate to. Other available titles from this author include: The Elusive Man (Debbie Diaries) Diary of A Smart Dumb Woman Mr. Right Mr. Wrong Retirement : 30 Things To Do After You Retire 100 Influential Pop Culture Blogs: Meet the New Media
