This book is a critical English translation of a Gnostic Classic. It is presented in a bilingual format (English side by side with the original Spanish).

It details some wonderful knowledge about the power of the word and speech. This edition also includes an Editor's Appendix to help the reader further grasp its contents. "Language is not simply a medium or vehicle of expression between man and man, but also between soul and soul." "Language creates Laws and unites Races." "It is an obligation to study the origin of Language in general, but in order to approach this goal, it is also necessary to find the origin of the Word." "The Word or Logos is not [just] a mouth that speaks, but an ear that hears and an eye that sees [and reads] between the lines."
