Allison shares her revealing story in "The Angel Inside: A Young Woman's Healing Journey Through Coma and Brain Injury." Her book is a multi-sensory description of what it was like to be in a coma and endure brain injuries from the inside looking out, on a mental, emotional, physical and spiritual level, how she was able to heal, her evolving relationship with God, as well as how we can be of better assistance to people in need of care. Filled with descriptive illustrations, photographs, poetry, drawings, and journal entries to God while in the coma, Allison makes her way through a remarkable journey and returns to life to help others who may be trapped inside and voice.
